Intern Position Description

Laborer, Cabin Crew,

WG-3

Position Title

GS or WG and what level?

DUTIES

Please note the duties the intern will be performing

- 1) Serves as a trainee assistant to the cabin maintenance crew responsible for the routine maintenance of refuge public use and historical cabins generally located at remote locations.
- 2) Follows verbal and written instructions to assist with completion of cabin maintenance, construction and rehabilitation projects including. Work may also involve cabin access trails, foot bridges, boardwalks, and docks as assigned.
- 3) Uses a variety of hand & power tools, including chain saws, to complete routine cabin up keep, maintenance and new construction projects.
- 4) Participates in extended overnight stays in the field in primitive “spike camps” to complete projects in remote areas.
- 5) Assist wildland fire suppression efforts and prescribed burns. *(Must be able to successfully pass basic fire fighting training and qualification criteria).*

EDUCATION LEVEL, SKILL, INTERESTS

Please note specific skills, competencies, interests, classes selected, or other qualifications that would be useful for an intern to have in order to make a significant contribution on this project.

To be eligible for the Student Temporary Employment Program (STEP), you must:

- a) be **18 years of age or older** and
- b) have **completed one full year of college** and
- c) be **currently enrolled as a half to full time student (as defined by the college or university)** at a college or university during spring 2011 and
- d) be **returning to a college/university enrolled as a half to full time student (as defined by the college or university)** in fall 2011 school year 2011-12).

- 2) Valid Driver's License.
- 3) Experience in oral and written communications.
- 4) Skill and experience in the safe use of motor vehicles and hand tools.
- 5) Will be required to wear a U. S. Fish & Wildlife Service uniform provided by the agency.
- 6) Government housing (for rent) may or may not be available.

WORK CONDITIONS, CLOTHING GEAR

Describe the work conditions (hours, dress code, environment/setting) and appropriate clothing/gear that the prospective intern should be aware of:

For all work, this cabin crew assistant will receive detailed instructions at the beginning of each project and, if necessary, reviews supplemental instructions. The employee is responsible for completing work after getting initial oral or written instructions. Completed work is reviewed for completeness, quality, and compliance with instructions. Employee is expected to work in a manner safe to himself, other employees and the public. The employee is responsible for safe operation of power and hand tools and use of protective equipment.

Must be in good physical condition. This position requires frequent strenuous activity and very heavy physical effort. Exerts physical effort in doing such tasks as frequently lifting and moving objects weighing over 50 pounds and carrying heavy loads over rough terrain. Position requires repeatedly pushing, pulling, and/or carrying heavy loads. May require hikes to and from work locations of up to 15 miles a day.

The work will be outdoors in all extremes of weather involving exposure to temperature extremes. The tools, equipment and heavy objects involved occasionally present chances of serious injury (e.g. broken bones, severe cuts, strained back) Employee may be exposed to long periods of high noise from power equipment such as chain saws. He/she will be required to wear appropriate protective equipment such as safety glasses, hearing protectors, or hard hats. Work will be often performed in remote field settings where living conditions are primitive. Also, the intern should bring, gloves, a warm hat, a baseball cap, sunglasses, hiking boots, comfortable loose clothing since the job entails being outside and strenuous hiking. Headlamp, flashlight or small battery operated reading light, and a calling card or cell phone.

FWS to Provide: Hip waders, safety work boots, mosquito jackets and head nets, any equipment needed in the field, such as backpacks, field vest, sleeping bags, cook stoves, binoculars etc.
